1. The airfield between Mimon and Kurivody, Czechoslovakia, has recently been reconditioned. A concrete road running from the Mimon-Kurivody highway to the field has been constructed as well as a gasoline storage area 400 meters south of the road. The airfield, which has a turf surface, is hidden from the Mimon-Kurivody highway by a screen of trees running between kilometer marks 140 and 143 on the west side of the highway.
2. A sketch of the airfield, showing the approximate locations of the new installations, is attached as Annex 1 to this report.
